ADDITIONAL INFORMATION

- Academic Projects: My team and I have developed an innovative "Rubber Ducky" project during our first and second years, and we continue to enhance it. Initially, we focused on basic functionalities like using Arduino pro-micro board and Bluetooth to make it act like a Pen-Drive which will run some commands on the victim's machine as we like. Currently, we are working on it and would like to enhance its security and attack power.
- Extracurricular Activities: I led a team of 15 members to participate and make them work for our university's cultural fest in the design team, where we made stories and the background for the fest on different platforms like Canva, VN and many more. I was also a part of PRISM, the fashion society of our university which helped me in my confidence.
- Hobbies: Reading books, singing, dancing, drawing etc.

ACCOMPLISHMENTS

- I have an A NCC certificate with the best cadet award.
- I represented my school in many chess tournaments on different levels.

LANGUAGES

- English (Intermediate)
- Hindi (Native)
